Mercado libre - 2024

On this entrepreneurship was made up of 3 people, which each one had a role.

One of us was in charge of shipments and dispatches, other person was on claims and order returns. And me, I was the one who buy the product to the providers and check the status of the products.

Which I was used to contact the providers, take an agreement with the price of products and check the amount of jerseys and status (if it was broken, frayed or stained).
